NATIONALITY: BRITISH

BASED IN: MANCHESTER

ADDITIONAL INFORMATION:

"The first word that comes to mind for Mike Noble is resilient, that man does not flap. Brassic is a really difficult schedule that's barely achievable, and not once did I see Mike panic. He cracks the whip when he needs to but he's fair and was loved by all the cast and crew dearly. His emotional capacity never ceased to surprise me, Mike was attentive to the execs, all the cast and crew, right through to the cleaners and caterers. He took incredible care of me throughout a tough shoot and was big a plus point for Brassic season 2".

Joseph Gilgun, Executive Producer, Co-Creator 'Brassic'

"I have worked on a number of series with Mike as my Line Producer and would highly recommend him. Mike is fair and honest in his dealings with all crew and facilities and is very well respected for this. Mike has a good working relationship with his Producer, always checking in and keeping you in the loop. I would work with Mike again in a heartbeat." **Juliet Charlesworth, Producer**
